Simple. Fast. Funded in minutes.

Step 1

Start your transfer

- Select “I have coins” or “I have cash”
- Select “Transfer to Account”

Step 2

Complete your transfer

- Insert your debit card when prompted
- Accept the terms
- Add your coins or cash

Step 3

Receive your funds

- Confirm your transaction
- Take and review your receipt for transfer details
- Funds are transferred to your account

Helpful tips:

Have your debit card ready

Follow the on-screen prompts

Insert and remove your card as instructed

Frequently Asked Questions

What is Coinstar Transfer to Account?

Coinstar Transfer to Account lets you transfer coins or cash into your checking account at any participating Coinstar kiosk nationwide.

Where can I find a Coinstar kiosk near me?

Visit coinstar.com/transferkiosk

How do I transfer coins or cash to my account?

Start by selecting “I have coins” or “I have cash,” then choose “Transfer to Account” and follow the on-screen steps.

When do I insert my debit card?

You’ll be prompted to insert your debit card after selecting “Transfer to Account.”

What if I don’t see “Transfer to Account”?

Make sure you first select: “I have coins” or “I have cash,” then the “Transfer to Account” option will appear on the next screen. If not, the service isn’t available on that kiosk. Visit coinstar.com/transferkiosk for the nearest kiosk.

Can I deposit coins and cash together?

Coins and cash are processed separately at the kiosk. If you have both, complete one transaction first, then start a new transaction for the other.

When are the funds available?

Funds are typically available within minutes.

Is there a receipt?

Yes. Take your receipt at the end of your transaction and review for your transfer details.
